Ein Forschungszentrum der Helmholtz-Gemeinschaft

DESY 12–148
August 2012

Spin Identification of the RS Resonance in di-Photon Production to NLO at the LHC

M. C. Kumar

Deutsches Elektronen-Synchrotron DESY, Zeuthen

P. Mathews

Saha Institute of Nuclear Physics, Kolkata, India

A. A. Pankov, A. V. Tsytrinov

The Abdus Salam ICTP Affiliated Centre,
Technical University of Gomel, Belarus

N. Paver

University of Trieste and INFN sez. di Trieste, Italy

V. Ravindran

Regional Centre for Accelerator-based Particle Physics,
Harish-Chandra Research Institute, Jhunsi, Allahabad, India

ISSN 0418-9833
